Head of the VdS Certification Body

The certificate comprises exclusively the certification for the indicated scope. The current validity may be verified under www.vds.de.

The certificate does not include any information about VdS approval of guarding and security companies and the certification of emergency and service call centres according to DIN 77200. For this purpose separate evidence is required.

The certificate shall only be reproduced without any modifications and including all enclosures. During the entire validity of the certificate the alarm receiving service centre and alarmprovider shall meet the requirements of the certification basis. This will be examined by VdS Schadenverhütung at a regular basis.

Any advertising with this VdS certification shall reflect the correct contents of the certificate and shall not violate the competition regulation.
